

DELIVER 9

BUS

**BRING
IT ON.**

THE BUS THAT **DELIVERS**

The Deliver 9 Bus has everything you need to move people.

No matter who you're moving or where, the Deliver 9 Bus has a powerful diesel engine that keeps you going all day long, while its carefully considered design makes every trip comfortable for all your passengers. We've thought of the things that make trips easy, with the tech you need to stay connected and entertained, cameras and sensors to help you park and brake with ease and lots of space to keep you comfortable.

Advanced safety features keep you and your travellers safer, while flexible model size and seating options ensure you'll find the right fit for everyone and their gear.

The Deliver 9 Bus makes the daily drive a dream – for both you and your passengers.

ALWAYS CONNECTED

Top-shelf tech means you and your passengers will stay connected and entertained in the Deliver 9 Bus.

A 10-inch touchscreen in the dash gives you easy access to all the features of Apple CarPlay™. You can make hands-free calls, dictate and listen to messages, get directions or listen to music safely while keeping your focus on the road. And forget the auxiliary cord, with Bluetooth you (or your passengers) can own the airwaves, playing everyone's favourite road trip tunes through powerful back speakers, making any journey fly by.

BIG ON COMFORT

The Deliver 9 Bus is designed to maximise driver and passenger comfort all year round. Eight-way adjustable driver seat options means you can find the perfect fit for wherever the road takes you – no matter how long the journey is. Keep your bag, snacks and other essentials neatly tucked away but close at hand, with easy access to both overhead and under seat storage.

The 4.2-inch LCD instrument display keeps you updated on your speed, fuel levels and other key vehicle information, and handy steering wheel controls let you command the 10-inch infotainment system with ease.

Separate front and rear air conditioning outlets keep your passengers' temperature under control, while ergonomic seats mean they can sit back and enjoy the ride while taking in the passing scenery through large windows. And getting in and out of the Deliver 9 bus is a breeze for passengers of all ages thanks to the electric retractable side step.

SAFETY FIRST

The Deliver 9 Bus comes with an impressive array of safety features* as standard to give you peace of mind and keep you and your passengers protected.

Autonomous Emergency Braking and Lane Departure Warning act like an extra pair of eyes on the road, giving you added confidence while driving on busy highways or crowded city streets. Counteract skidding with the Bosch Electronic Stability Program and stay more stable on steep slopes with the Hill Hold function. And you'll be tackling tricky parking spots at the shops or in the CBD like a pro with rear parking sensors and a reversing camera.

There are six airbags in the front row, including curtain airbags and three-point lap sash seat belts throughout so everyone can buckle up safely. While the central aisle, sliding side door and rear emergency barn doors allow for a quick and easy exit.

*Safety technologies may not operate optimally under all driving conditions and effectiveness depends on many factors. The driver is responsible for safe and attentive driving. See owner's manual for complete details.

THE POWER TO MOVE

Wherever your day takes you, the Deliver 9 Bus has the power to get you there – smoothly. You and your passengers will love how quiet it is, but don't be fooled – a powerful diesel Euro V engine under the hood brings 108kW of power or 375Nm of torque. The standard 6-speed fully automatic transmission and rear wheel drive also provide exceptional manoeuvrability, giving you the flexibility to tackle the open road as you see fit.

And thanks to the advanced Bosch electronically controlled common rail direct fuel injection system and automatic stop/start, you'll be spending less time at the petrol station with excellent fuel economy.

Features:

- > 2 Litre Turbo Diesel
- > Eco and Power mode
- > Engine stop/start system for reduced fuel consumption and emissions
- > Cruise Control
- > 2800kg braked towing capacity
- > Autonomous Emergency Braking (AEB)

TRY US ON FOR SIZE

With 11-seat, 12-seat or 14-seat models, you can trust there is a Deliver 9 Bus with enough room for any job. Whether you're moving lots of people, or need some more room for their kit – we've got you covered.

And if you need some extra headroom, you can opt for LWB High roof options in both the 12-seat or 14-seat models.

*Payload and tare weight figures are based on vehicle certification. It is the driver's responsibility to ensure: weight of fully loaded vehicles do not exceed GVM; front and rear axle load limits are not individually exceeded; the combined weight of the fully loaded vehicle (including tow ball download when towing) and trailer does not exceed the GCM; compliance to State and Territory towing regulations. Payload is the combined value of occupants, luggage, cargo, added options, accessories and tow ball download (when towing). Tare weight includes the vehicle with a full tank of fuel and all standard equipment excluding occupants. Additional weights of optional features, occupants, luggage, cargo, accessories and tow ball download (when towing) must be taken into account when calculating payload and tare weight. When a genuine tow bar and wiring are fitted, blind spot monitoring will be disabled.

WORLD-CLASS ACCOLADES

LDV is a division of SAIC Motor, a Fortune Global 500 company and the 7th largest automotive company in the world¹. SAIC Motor sells over 5 million vehicles annually and has a joint venture with Volkswagen and General Motors.

At the 2019 World Economic Forum, LDV was named as one of just 14 companies on the WEF's 'Lighthouse' list, which highlights global manufacturers leading the way into the Fourth Industrial Revolution.

A WARRANTY YOU CAN COUNT ON

We want you to drive with confidence from day one, so new LDV Deliver 9 buses come with the reassurance of a comprehensive factory-backed 3-year or 160,000km² warranty.

You'll also have full visibility with capped pricing for scheduled services up to 3 years or 95,000 kms².

ROADSIDE ASSISTANCE

Our service commitment to LDV owners continues long after you get the keys. With LDV Roadside Assist³, we'll be there to help 24 hours a day, 7 days a week, 365 days a year, for the length of your manufacturer's warranty.

For more information on LDV Roadside Assist, ask for a brochure.

NATIONWIDE DEALER NETWORK

No matter where you are in Australia, all LDV owners enjoy the backing of our nationwide dealer network's comprehensive sales, service and parts assistance. To find your nearest dealer, visit www.ldvautomotive.com.au

CAPPED PRICE SERVICING

LDV is committed to giving you complete peace of mind when you buy your new Deliver 9. There are no surprises with your scheduled services at a participating LDV Dealership – our Capped Price Servicing Program³ shares the maximum cost of services up front for up to 3 years or 95,000kms².

GENUINE ACCESSORIES

You can customise your Deliver 9 Bus so you and your team are performing at their best, whatever the task on hand. Talk to your LDV dealer to learn more about our range of available accessories, including tow bars, roof racks, cargo LED lighting, hard-wearing seat covers and door weather shields.
